

COVID-19

POSITIVE TEST !!!!

What do you do next?

If you or your employee(s) / staff member(s) have been tested positive for Covid-19 please contact us to assist you.

Our services include:

- Safetech can assist you with a response plan as per GNR 480 & 479.
- Surface Swab testing COVID-19 on high-touch surfaces, in line with the World Health Organization (WHO) protocol for healthcare and public health. This is to ensure that the disinfection program has been effective.
- Assist companies to conduct disinfection projects within their buildings and surfaces
- Ensuring disinfection contractors use the correct disinfectant.
- Compile a post disinfection program report to be used for regulatory purposes.

Ensuring a clean and safe environment for your workers so that businesses can reopen with peace of mind.
